

GPON/EPON Optical Network Unit

GPON/EPON optical network unit designed for reliable, high-speed internet access. It supports wired and wireless connectivity, telephony, and features LED indicators for monitoring.

Product Overview

High-Performance Optical Network Unit

This GPON/EPON Optical Network Unit is engineered to deliver reliable, high-speed internet connectivity for demanding network environments. Designed for seamless interoperability with various Optical Line Termination (OLT) systems, it supports both fiber standards to ensure flexible deployment. The unit integrates comprehensive connectivity options, including wired LAN ports, telephony support, and wireless capabilities, making it a versatile solution for modern data and voice services.

Connectivity & Ports

LAN Ports	4 ports
Telephony Ports	2 ports
USB Functionality	Yes

Wireless & Standards

Wireless Support	Yes
WPS Feature	Yes
Supported Standards	GPON, EPON

Device Interface

LED Indicators

- Power
- LAN 1-4
- TEL 1-2
