

# GPS Tracker

This GPS tracker is designed for vehicle tracking. It provides accurate location data and real-time updates.

## Product Overview

### Professional Grade Tracking Solution

This GPS tracker is engineered for reliable, real-time asset monitoring in demanding environments. Designed with robust construction, it ensures consistent connectivity and precise location reporting for logistics, fleet management, and security applications. Its compact form factor allows for versatile installation options across various vehicle types and industrial equipment.

## Technical Specifications

### Tracking Precision

**2.5 m**

Position Accuracy

**99.9 %**

Uptime Reliability

<b>Supported Networks</b>	4G LTE, GSM, GPRS
<b>Power Input</b>	12 V
<b>Operating Temperature Range</b>	-20°C to +75°C

## Certifications

### Compliance

CE • RoHS • FCC
