

Grade 8.8 High Strength Bolt and Nut Set

This set includes high-strength grade 8.8 bolts and nuts. It is suitable for a wide range of industrial and construction applications requiring robust fastening solutions.

Product Overview

High-Strength Fastening Solutions

This Grade 8.8 High Strength Bolt and Nut set is engineered for demanding industrial and construction applications. Offering superior durability and reliability, these fasteners are available in a wide range of international standards including DIN, ISO, ANSI, and ASTM. Designed for versatility, they are suitable for use in building, automotive, furniture, and instrumentation projects.

Technical Specifications

Material

- Carbon Steel
- Alloy Steel

Available Grades

8.8 • 10.9 • 12.9 • Gr5 • Gr8

Supported Standards

DIN, ISO, ANSI, ASME, BS, AS, JIS

Surface Finish

Plain, Black Oxidized, Zinc Plated, Hot Dip Galvanized, Dacromet

Logistics & Supply

Monthly Supply Capacity

800 tons

Supply Ability

Standard Delivery Time

7-30 days

Packaging Details

25kg per carton, 36 cartons per pallet (customizable)

Applications

Common Applications

- Building and Construction
- Instrumentation
- Automotive
- Furniture Assembly
