Product Overview

High-Performance Grader Blade

These professional-grade grader blades are engineered for durability and precision in demanding construction environments. Designed for efficient earthmoving and surface preparation, they feature pre-drilled holes for secure attachment and optimal performance. Available in two robust material options, these blades are ideal for road construction and site leveling applications.

Technical Specifications

Part Number	4T2231
Dimensions (L x W x T)	1828 x 203 x 25 mm
Bolt Size	3/4 inch

Material & Construction

Key Features

Hardened Steel • Abrasion Resistant • Pre-drilled Holes

Material Options	Carbon Steel (C80), Boron Steel (30MnB)
