

Gravity Feed Spray Gun

This spray gun is designed for a variety of coating applications. It features adjustable fluid and air controls for precise application and reduced overspray.

Product Overview

Professional Performance Gravity Feed Spray Gun

This high-performance gravity feed spray gun is engineered for versatility across a wide range of industrial coating applications. Its efficient design ensures optimized material usage while maintaining consistent, high-quality spray patterns. With precise adjustable air and fluid controls, operators can achieve professional results with minimal overspray.

Technical Specifications

Performance Key Features

1 Type

Gravity-Feed Efficiency

1 System

Adjustable Fluid Controls

Ideal Applications

Automotive Refinishing, Wood Finishing, General Industrial Painting

Design & Build

Construction

Durable industrial-grade materials designed for long-lasting performance in demanding environments.

Maintenance Capability

Yes
