

Grease Gun Holder for 2 1/4" Barrels

This grease gun holder is designed to securely hold grease guns with a 2 1/4" outer diameter barrel. This holder provides convenient storage and easy access to your grease gun, preventing messes and keeping your workspace organized, and is ideal for use in garages, workshops, and industrial settings.

Product Overview

Professional Grease Gun Storage Solution

This durable grease gun holder is engineered to provide a secure and organized storage solution for standard grease guns. Designed with a center latch locking mechanism, it ensures your equipment remains firmly in place during storage. It is an essential accessory for maintaining a clean and efficient workspace in garages, workshops, and industrial environments.
