

Green and Black Underbone Motorcycle

This motorcycle features a step-through frame design, commonly known as a 'cub' or 'underbone' style. The motorcycle is equipped with a single-cylinder engine, disc brakes on the front wheel, and drum brakes on the rear.

Overview

Practical Urban Commuter

This underbone motorcycle features a classic step-through frame design optimized for daily urban commuting. With a reliable single-cylinder engine and a practical build, it offers an economical solution for city transport. The design includes essential features like a rear luggage rack and clear lighting systems, ensuring functionality and ease of use for professional riders.
