

Green Marble Rotary Dial Telephone

This vintage-style rotary dial telephone is crafted from green marble. It features a classic design with a marble base, handset, and rotary dial, evoking a sense of nostalgia and elegance.

Product Overview

Timeless Elegance

This vintage-style rotary dial telephone is masterfully crafted from green marble, serving as both a functional communication device and a sophisticated piece of art. It features a classic design complete with a marble base, handset, and authentic rotary dial, accented with high-quality metal components. Perfectly blending nostalgia with retro charm, it adds a distinct touch of elegance to any professional office or home interior.
