### Overview

#### Professional Groove Nut Socket Set

This comprehensive 13-piece socket set is engineered for the precise removal and installation of DIN 981 locknuts. Featuring a standard 1/2-inch drive and a consistent 60mm length, these tools provide the reach and leverage necessary for automotive and industrial maintenance tasks. Each socket is designed with internal teeth to ensure a secure, slip-free grip on grooved nuts, promoting safety and efficiency during operation.
