

Half-Finger Cycling Gloves with Padded Palm

These half-finger cycling gloves are designed for enhanced grip and comfort. They feature a microfiber/SBR cushion palm with PU padding to absorb shocks and reduce hand fatigue.

Overview

Ergonomic half-finger design suitable for road and mountain biking.

Professional Cycling Performance

These half-finger cycling gloves are engineered for comfort and durability during road biking, mountain biking, and fitness activities. Featuring a shock-absorbing padded palm and breathable Ottoman fabric on the back, they provide an ergonomic fit that reduces hand fatigue. The design includes a specialized terry fabric thumb for convenient sweat management during intense rides.
