Product Overview

Versatile Halogen Cooking Oven

This high-performance halogen oven offers a multifunctional cooking solution, capable of broiling, roasting, baking, grilling, and steaming without the need for excess oil. Utilizing advanced halogen heating technology, it circulates hot air to ensure even cooking while retaining moisture and flavor. The transparent, heat-resistant tempered glass bowl allows for easy monitoring of food, while the safety micro-switch ensures operation only when the handle is properly positioned.

Technical Specifications

Power Consumption	1000 W
Voltage/Frequency	220-240V, 50-60Hz
Cooking Capacity	12 L
Expanded Capacity (with ring)	17 L

Features

Safety Features

- Micro-switch safety mechanism
- Lift handle to switch off
- Heat resistant tempered glass

Cooking Functions	Broil, Roast, Bake, Grill, BBQ, Fry (oil-free), Steam, Defrost, Disinfect
