Product Overview

High-Efficiency Halogen Lighting

These halogen bulbs are designed for versatility and consistent performance in a variety of professional lighting applications. Available in both G9 and E14 base configurations, they support a wide range of operating voltages to suit global power standards. Engineered for durability, these bulbs are built to withstand high-temperature environments, making them a reliable choice for demanding lighting setups.

Technical Specifications

Operating Voltage

- 110-130V
- 220-240V

Power Consumption

- 15W
- 18W
- 25W
- 40W

Available Base Types

G9, E14

Maximum Operating Temperature

300 °C

Certifications

Certifications

TUV • UL • CQC • ROHS • CE
