

Hand-Operated Hydraulic Pump

This hand-operated hydraulic pump is designed for various industrial applications. It provides a reliable and portable source of hydraulic power for lifting, pressing, and spreading tasks.

Overview

High-Performance Hydraulic Solutions

This high-pressure hand-operated hydraulic pump is engineered for demanding industrial applications, offering reliable power for lifting, pressing, and spreading tasks. Designed for durability and precision, it features manual lever control and integrated pressure monitoring. The system is compatible with a wide range of hydraulic equipment, including cylinders and presses, ensuring versatile performance in the field.

Technical Specifications

Manual Pump Models

- HPM-700A
- HPM-700B
- HPM-700C
- HPM-700D
- HPM-1000
- HPM-1500
- HPM-2000
- HPM-2800

Electric Pump Models

- HPD-700
- HPD-700B
- HPD-2000
- HPD-3000
- HPD-5000

Pneumatic Pump Models

- HPV1500
- HPV2250
- HPV-250
- HPV-800
- HPK2000
- HPK3000

Compatibility

Supported Accessories

Tensioning Jack • Hydraulic Hose • Quick Coupling • Hydraulic Cylinder • Hydraulic Jack

Compatible Fuel Valve Test Rigs

HOP1100, HOP1100D, HOP600, HOP600B, HOP720, 403ZJ
