

# Hand Pallet Jack for Material Handling

This hand pallet jack is a robust and reliable material handling solution for efficient movement of palletized goods. Constructed with heavy-duty steel, it offers exceptional durability and a high load capacity.

## Product Overview

### Robust Material Handling

The ESE20 series hand pallet jack is a heavy-duty material handling solution designed for efficient movement of palletized goods in warehouses and manufacturing facilities. Built with durable steel construction, it provides a high load capacity and reliable performance. The ergonomic handle design ensures comfortable operation, while the precise hydraulic system allows for smooth and effortless lifting.

## Performance Metrics

### Load Capacity

**2000 kg**  
Capacity

### Fork Height Range

**85 mm**  
Min Height

**200 mm**  
Max Height

## Dimensions

### Fork Dimensions

Specification	Value
Fork Size (e*s)	160x50 mm
Width Overall Forks	450/520/540/685 mm
Fork Length Options	800/900/1000/1100/1150/1220 mm

### Wheel Base

- 763 mm
- 863 mm
- 963 mm
- 1063 mm
- 1113 mm
- 1183 mm

## Technical Details

Wheel Specifications	Steering Wheel !200x50, Single Load Roller !80x93, Tandem Load Roller !80x70
Power Source	DC 1.5V x 2 Battery
