

Hand Sanding Rubber Block

This rubber sanding block is designed for hand sanding applications. Its curved top ensures a comfortable grip, while the slotted base allows secure sandpaper attachment for woodworking, metalworking, and surface preparation.

Product Overview

Ergonomic Sanding Solution

This manual sanding block is engineered to provide a comfortable and secure grip during hand sanding tasks. Designed for versatility, it is suitable for woodworking, metalworking, and general surface preparation. The block securely holds sanding paper, ensuring consistent pressure and smoother finishes across various projects.
