Product Overview

Professional Threading Solutions

These versatile hand tap sets are designed for precision threading tasks across industrial applications. Manufactured from high-performance materials including M2 HSS and Cobalt 5%, they offer exceptional durability and cutting efficiency. With support for multiple international standards like DIN, ISO, and BSP, these tools are suitable for both through holes and blind holes in a wide range of materials.

Technical Specifications

Surface Coating Options

Bright • Black • Tin • Amber

Materials Available	Cobalt 5%, HSS M2, HSS 4341, HSS 4241
Supported Standards	DIN, ISO, BSP, ANSI
Metric Dimension Range	M1 - M30

Logistics & Ordering

Monthly Supply Capacity

200000 pcs
Units per Month

Minimum Order Quantity	300 pcs
Standard Lead Time	30 days after deposit

Packaging Options

Packaging Configurations

- Single piece
- 3pcs or 10pcs plastic box
- Single piece Blister card
- 1pc, 3pcs or 5pcs plastic tube
