

# Handheld Air Blower

This handheld air blower delivers a flow velocity of  $90 \pm 5\text{m}^3/\text{h}$  and wind pressure of  $22 \pm 5\text{Kpa}$ . Operating at 120V 60Hz with a current of 8.5A, it is suitable for various industrial tasks.

## Product Overview

### Industrial Handheld Air Blower

This industrial-grade handheld air blower is engineered for precision and power in demanding environments. Featuring a robust pistol-grip design, it delivers consistent high-velocity airflow suitable for targeted cleaning or material displacement. Built to meet rigorous safety standards, this unit provides reliable performance for professional industrial applications.

## Technical Performance

### Performance Metrics

**145 m/s**

Flow Velocity

**90 m<sup>3</sup>/h**

Air Flow

**22 Kpa**

Wind Pressure

Voltage	120 V
Frequency	60 Hz
Rated Current	8.5 A

## Logistics and Packaging

### Weights

**18.5 KG**

Gross Weight

**15.5 KG**

Net Weight

### Container Loading Capacity

Container Type	Capacity (PCS)
20"	2840
40"	5880
40H	6720
