Handheld Drywall Sander with Rotating Head

This hand-held drywall sander is designed for professional use. It operates on 110-120V/60Hz or 220-240V/50Hz and features a rotating sanding motion with variable speed.

Product Overview

Industrial-Grade Performance

This handheld drywall sander is engineered for professional-grade performance in industrial environments. Featuring a powerful 1200W motor and adjustable speed settings, it provides the versatility needed for various sanding tasks. The ergonomic design, including an anti-skid auxiliary handle and soft rubber grip, ensures user comfort and control during extended operation.

Technical Specifications

Sanding Dimensions

210 mm	225 mm
