Product Overview

Professional Electric Mixer

This handheld electric mixer is engineered for high-performance mixing of various high-viscosity materials, including putty, mortar, resins, and emulsion paints. It features a robust, ergonomic design that minimizes user fatigue during extended operation. With a triple gear reduction system and infinitely variable speed control, it ensures smooth power transmission and consistent results without splashing.

Technical Specifications

Power & Performance

1500 W

Input Power

900 r/min

Max Speed

Model Number	MM-6216
Electrical Requirements	230V / 50Hz
Safety & Insulation	Double Insulation, Protective Class II

Capacity & Compatibility

Mixing & Drill Capacity

Feature	Capacity
Max Mixing Paddle	120mm
Drill Capacity	13mm

Connection	M12, 14
