

Handheld Garment Steamer

This is a handheld garment steamer used to remove wrinkles from clothing. It features a compact design, a water reservoir, and a brush attachment.

Product Overview

Efficient Handheld Steam Care

This handheld garment steamer provides a portable and efficient solution for wrinkle removal on various fabric types. Designed with user convenience in mind, it features a transparent water tank for easy monitoring and a compact form factor suitable for travel or home use. With over 10 minutes of continuous steam time, it ensures quick and effective garment maintenance.
