

Handheld High-Pressure Steam Cleaner

This handheld steam cleaner is a compact and portable device for versatile cleaning. It features high-pressure steam output for effective stain removal and sanitization.

Product Overview

Versatile Steam Cleaning Solution

This handheld high-pressure steam cleaner is a compact and portable device designed for a wide range of sanitation and cleaning tasks. It utilizes pure water to produce high-pressure steam, eliminating the need for chemical reagents and ensuring an eco-friendly cleaning process. Its ergonomic, lightweight design and long cord offer excellent maneuverability, making it ideal for both home and office environments.

Key Features

Operational Advantages

- Chemical-free cleaning
- Water-only operation
- Long power cord for convenience
