

# Handheld Mattress Cleaner with UV Sanitization

This handheld cleaner effectively removes dust mites, bacteria, and dead skin from mattresses and sofas. It features UV sanitization and HEPA filtration for a clean and healthy environment.

## ADDITIONAL IMAGES

## Product Overview

### Advanced Mattress & Upholstery Care

This handheld mattress cleaner is engineered to maintain a hygienic sleeping environment by combining mechanical agitation with UV sanitization. Featuring a vibrating beater bar that operates at 2500 rotations per minute, it effectively dislodges dust and allergens from deep within fabrics. The integrated UV light neutralizes germs and bacteria, while the rechargeable battery design offers cordless convenience for cleaning bedding, sofas, curtains, and other soft furnishings.

## Technical Specifications

Voltage	230 V
