

Handheld Pressurized Steam Cleaner

This handheld steam cleaner is designed for versatile cleaning tasks. Its compact design utilizes pressurized steam to remove dirt and stains from surfaces such as countertops, tiles, and upholstery.

Overview

Versatile Handheld Steam Cleaner

The JJB-308 is a compact and highly portable pressurized steam cleaner designed for efficient deep cleaning across various household surfaces. It utilizes powerful steam pressure to eliminate dirt and grime from countertops, tiles, and upholstery without the need for harsh chemicals. With a rapid heating time and a durable stainless steel boiler, this device provides a reliable solution for targeted cleaning tasks.
