

Handheld Pressurized Steam Cleaner

This handheld steam cleaner heats in 30 seconds and includes brush attachments for targeted cleaning. It is designed to clean without chemicals.

Product Overview

Efficient Steam Cleaning Solution

This compact handheld steam cleaner offers a chemical-free, eco-friendly way to sanitize various surfaces throughout your environment. With a rapid 30-second heating time, it delivers consistent steam pressure to tackle dirt and allergens effectively. It is an ideal tool for maintaining cleanliness in upholstery, grout, and tile areas, providing a healthier space by trapping triggers that cause allergies.
