

HD Pan Tilt Zoom Network Camera

This HD network camera provides pan, tilt, and zoom capabilities for comprehensive surveillance. It supports wireless connectivity and offers two-way audio communication, along with infrared night vision and motion detection.

Overview

High-Definition Surveillance Solution

This HD Pan-Tilt-Zoom network camera provides comprehensive monitoring with 1.0 Megapixel resolution at 720P. Designed for versatility, it features plug-and-play setup, two-way audio, and motion detection alerts sent directly to your email. With support for both wired and wireless connectivity, it integrates seamlessly into existing network infrastructures.

Key Features

Core Functionality

PIR Supported, Plug and Play, IR-Cut, Two-way Audio, Motion Detection, Pan/Tilt Control

Imaging & Optics

Resolution Performance

1280 px

Max Horizontal Resolution

720 px

Max Vertical Resolution

30 fps

Frame Rate

Lens Specifications

Parameter	Value
Focal Length	6 mm
Aperture	F:2.0
Viewing Angle	60°
Min. Illumination	0.5 Lux

Image Sensor

1/4" Color CMOS Sensor

Connectivity & Network

Wireless Standards

- IEEE 802.11b
- IEEE 802.11g
- IEEE 802.11n

Wireless Security

WEP • WPA • WPA2

Physical & Environment

Pan/Tilt Range

320 °

Horizontal Pan

120 °

Vertical Tilt

Dimensions (L x W x H)

105 x 98 x 130 mm

Operating Temperature

-30°C to 55°C

Compliance

Certifications

CE, FCC, RoHS
