

Heart-Shaped Non-Stick Tart Pan

This heart-shaped tart pan is perfect for creating elegant and delicious desserts. It features a non-stick coating for easy release and cleanup, along with a fluted edge for enhanced presentation.

Product Overview

Baking Excellence

This heart-shaped tart pan is designed for creating beautiful, professional-grade desserts with ease. Constructed from durable carbon steel, it ensures even heat distribution for consistent baking results every time. The non-stick coating allows for effortless food release and simple cleanup, while the fluted edge adds an elegant, classic touch to your tarts, quiches, and pastries.
