

# Heavy-Duty 4-Ton Hydraulic Bottle Jack for Welding Applications

This heavy-duty welding hydraulic bottle jack is designed for lifting heavy loads in various industrial and automotive applications. With a 4-ton capacity, it provides reliable and stable lifting power.

## Overview

### Industrial Lifting Performance

This heavy-duty hydraulic bottle jack is engineered for demanding industrial and automotive lifting tasks. With a robust 4-ton capacity, it provides stable and reliable power specifically designed for welding and fabrication environments. Its compact, durable construction ensures ease of use in workshops, garages, and construction sites.

## Technical Specifications

### Lifting Capacity

**4 ton**

Capacity

### Design Features

- Hydraulic operation
- Compact design
- Heavy-duty construction

### Model Number

TJ0401

### Application Type

Welding, Fabrication, Automotive, Industrial
