

Heavy-Duty Adjustable TV Wall Mount

This heavy-duty TV wall mount is designed for flat panel displays. It features adjustable vertical rails for flexible screen positioning and a robust steel construction for secure mounting.

Product Overview

Robust Mounting Solution

This heavy-duty adjustable TV wall mount is engineered for secure and flexible flat panel display installation. Featuring a robust steel construction, it ensures long-term stability and safety for professional environments. The design incorporates adjustable vertical rails to accommodate various screen sizes and VESA patterns, providing versatile positioning for optimal viewing angles.
