

# Heavy Duty Bolt Cutters

These bolt cutters are designed for cutting bolts, rods and other metal materials. They feature high-leverage handles and hardened steel jaws.

## Product Overview

### Professional Grade Cutting Power

These heavy-duty bolt cutters are engineered for rigorous industrial and construction environments. Featuring hardened steel jaws and high-leverage handles, they deliver superior cutting force for a variety of metal rods and bolts. Designed for durability and performance, this tool is an essential asset for any heavy-duty maintenance or fabrication task.

## Technical Specifications

Max Cutting Capacity	4 mm
Material Grade	High Tensile Steel
Suitable Applications	Industrial, Construction, Metal Fabrication, DIY

## Product Features

### Performance Features

- High-leverage handle design for increased force
- Hardened steel jaws for extended durability
- Engineered for heavy-duty cutting operations
