

# Heavy-Duty Bus Seat Mounting Bracket

This heavy-duty metal bracket is designed for secure bus seat mounting. Its robust construction ensures stability and safety, meeting industry standards for passenger vehicle seating.

## ADDITIONAL IMAGES

## Product Overview

### Heavy-Duty Bus Seat Mounting Solution

This heavy-duty mounting bracket is engineered for secure and reliable bus seat installation. Constructed from high-strength steel with a durable gray finish, it offers excellent corrosion resistance and long-lasting performance in demanding transportation environments. The rigid design ensures stability, minimizes vibration, and meets industry standards for passenger vehicle seating safety.

## Technical Specifications

### Installation Features

- Pre-drilled mounting holes
- Integrated vertical rails
- Versatile attachment points

Material	High-strength steel
Finish	Gray painted coating
Compatibility	Single chassis, Double chassis

## Performance & Safety

### Key Benefits

Corrosion Resistant • Vibration Reduction • High Stability • Industry Standard Compliant

### Primary Applications

- New bus manufacturing
- Seat replacement projects
