

Heavy Duty Chrome Vanadium Steel Wire Rope Cutter

This professional-grade wire rope cutter is designed for heavy-duty applications. It is constructed with chrome-vanadium (Cr-v) steel for enhanced durability and cutting performance.

Product Overview

Professional Grade Cutting Power

This heavy-duty wire rope cutter is engineered for demanding industrial, construction, and maintenance environments. Constructed from premium chrome-vanadium (Cr-V) steel, it offers exceptional durability and long-lasting cutting performance. The high-leverage handle design ensures efficient, low-effort cutting of tough wire ropes, cables, and rods.

Technical Specifications

Key Features

- High leverage handle design
- Professional-grade construction
- Industrial durability

Material	Chrome Vanadium Steel (Cr-V)
Suitable For	Wire Rope, Cables, Rods

Usage Context

Industry Applications

Industrial • Construction • Maintenance
