

# Heavy-Duty Electric Truck for Industrial Use

This heavy-duty electric truck is designed for various industrial applications. It features a robust chassis and high-capacity battery pack for extended range.

## ADDITIONAL IMAGES

## Overview

### Industrial Electric Heavy-Duty Truck

This heavy-duty electric vehicle is designed for demanding industrial applications, offering a zero-emission solution for logistics, construction, and mining. Built with a robust full-steel cabin and a high-strength chassis, it balances durability with operator comfort. The vehicle features advanced electric drive technology, providing over 300 km of range and fast-charging capabilities to ensure high operational efficiency.

## Performance & Powertrain

### Performance Highlights

**350 kW**

Engine Power

**300 km**

Endurance Mileage

**85 km/h**

Max Speed

Charging Time

1.5 hours (full charge)

## Dimensions & Weight

Dimensions (L/W/H)	7490 x 2550 x 3200/3520/3835 mm
Total Mass	25000 kg
Wheelbase	3800 + 1350 mm

## Cabin & Features

Cabin Features	Full Steel Cabin, Air Suspension, LCD Dashboard, GPS, Intelligent Remote Control, Multi-function Steering Wheel
----------------	---

## Technical Specifications

### Available Tire Specifications

- 11.00R20 18PR
- 12.00R20 16PR
- 12R22.5 18PR

### Axle Configuration

Parameter	Value
Number of Axes	3
Axle Load	7000/18000 kg
Front Wheel Track	2065 mm
Rear Wheel Track	1860/1860 mm
