

Heavy-Duty Hand Trolley

This hand trolley is designed for moving heavy objects. It features a sturdy frame, durable wheels, and a secure strapping system.

Product Overview

Heavy-Duty Hand Trolley

This heavy-duty hand trolley is engineered for the efficient transport of substantial loads in demanding environments. Built with a robust frame and durable wheels, it ensures stability and reliability during operation. The integrated secure strapping system provides added safety, making it an ideal solution for warehouses, factories, and general heavy-duty material handling tasks.

Model Number

HT0105

Key Features

Design Highlights

- Heavy-duty construction
- Durable wheel system
- Secure strapping mechanism

Ideal Applications

Warehouses, Factories, Material Handling
