Overview

Heavy-Duty Industrial Winch

This industrial-grade winch is engineered for high-demand recovery and heavy-duty pulling operations. It features advanced internal components like a specialized ratchet brake system to prevent drum overheating during extended use. With an IP67 waterproof rating and a corrosion-resistant powder-coated finish, it is built to withstand harsh environmental conditions.

Technical Specifications

Waterproof Rating

IP67

Surface Finish

Electrostatic Spray Powder Coated

Brake System

Patent Ratchet Brake (Internal Gearbox)

Features

Control System

- Rubber material hand remote
- Drop and press resistant remote
- Convertible control box for flexible installation

Durability Features

Corrosion Resistant, UV Resistant, Heat Management, Waterproof
