Product Overview

Industrial-Grade Cargo Securing

This heavy-duty ratchet tie-down strap is engineered for maximum reliability during high-demand transportation tasks. Featuring a robust metal ratchet mechanism, it provides superior tension control for securing cargo on trucks, trailers, and various commercial vehicles. Built with high-strength webbing and reinforced metal hardware, this equipment ensures safety compliance and long-lasting durability in demanding logistics environments.

Technical Specifications

Lashing Capacity

25 KN

Lashing Capacity

Material Components

- High-strength webbing material
- Durable metal ratchet mechanism
- Reinforced metal hooks

Certifications & Compliance

Safety Standards

CE Certified, TÜV Rheinland, Geprüfte Sicherheit, AGSCE Compliant
