Product Overview

High-Performance Heavy-Duty Starter Motor

This heavy-duty starter motor is engineered for reliability and consistent performance in demanding industrial and automotive applications. Designed to operate on 24V electrical systems, it delivers robust starting power through its efficient gear reduction and durable construction. This unit is built to meet or exceed original equipment standards, ensuring longevity and efficient engine starts under diverse operating conditions.

Technical Specifications

Voltage	24 V
Power Output	11 KW
Number of Teeth	11
Engine Compatibility	Jichai 8190

Logistics & Ordering

Packaging	Neutral packing or customized
Estimated Lead Time	30-45 days
Accepted Payment Terms	TT, LC
