

Heavy Duty Swivel Top Moving Skates

These heavy-duty moving skates facilitate the transport of heavy loads. They feature a swivel top plate for enhanced maneuverability and are suitable for industrial applications.

Product Overview

Industrial Load Moving Solution

These heavy-duty swivel top moving skates are designed for the precise transport of massive industrial machinery. Engineered for versatility, they feature a high-capacity design that supports loads ranging from 2 tons up to 1000 tons. The integrated swivel top plate allows for easy maneuvering, while the specialized non-damaging rollers ensure safe use across various industrial flooring surfaces.

Performance

Load Capacity Range

2 tons Minimum Capacity	1000 tons Maximum Capacity
