

Heavy-Duty Tow Bar with Square Receiver Hitch

This heavy-duty tow bar is designed for secure vehicle towing. It features a robust construction with a square receiver hitch for attaching various towing accessories.

Product Overview

Heavy-Duty Towing Solution

This heavy-duty tow bar is engineered for secure and reliable vehicle towing. Featuring a robust construction, it includes a square receiver hitch designed to accommodate a wide variety of towing accessories. The unit is finished with a durable, corrosion-resistant coating, ensuring it can withstand harsh weather conditions and long-term use. Complete with mounting brackets for straightforward installation to the vehicle's frame, it is an ideal choice for towing trailers, campers, and heavy equipment.
