

Heavy-Duty Truck and Bus Trailer

This is a robust and durable trailer designed for heavy-duty hauling and transportation. It features a sturdy frame, reinforced side walls, and a spacious cargo area for secure and efficient transport of goods.

Product Overview

Robust Heavy-Duty Hauling Solution

This heavy-duty truck and bus trailer is engineered for demanding transportation requirements in logistics, construction, and agricultural sectors. Featuring a reinforced frame and side walls, it offers a spacious and secure cargo environment designed for long-term durability. The inclusion of reliable suspension and advanced braking systems ensures optimal safety and stability under heavy loads on the road.

Key Features

Safety Systems

- Reinforced side walls
- Reliable suspension system
- Advanced braking system

Durability Profile

Heavy-Duty • Robust Frame • Stable

Applicable Industries

Logistics, Construction, Agriculture
