

Heavy-Duty Vehicle Backup Camera with Night Vision

This heavy-duty backup camera is designed for rugged use in various vehicles, including trucks, buses, and RVs. It features a durable, weatherproof housing and infrared LEDs for enhanced night vision.

Product Overview

Rugged Safety Solution

This heavy-duty backup camera is engineered for reliable performance in demanding environments, including trucks, buses, and RVs. Featuring a durable, weatherproof housing and infrared LEDs, it ensures clear visibility even in low-light conditions. The system provides a wide-angle view to significantly improve safety during reversing and maneuvering, supported by a high-resolution sensor for sharp image quality.

Technical Specifications

Weather Resistance

Weatherproof
