

Heavy-Duty Wheelbarrow

This wheelbarrow is designed for transporting materials in gardening and construction settings. It features a steel frame, a deep metal tray, a pneumatic tire, and ergonomic handles.

Overview

Robust Utility Transport

This heavy-duty wheelbarrow is engineered for demanding tasks in both garden and construction environments. It features a deep, durable metal tray capable of handling significant loads of soil, gravel, and construction materials. Designed with a robust steel frame and ergonomic handles, it ensures stability and comfort during intensive use.

Technical Specifications

Model Number	WB4010-1
Tire Type	Pneumatic
Construction Materials	Steel Frame, Metal Tray

Application

Primary Applications

- Garden maintenance
- Construction sites
- Landscaping projects
- Heavy load transport
