Product Overview

Professional Winter Performance

This heavy-duty wiper blade is engineered specifically for harsh winter environments, featuring a protective rubber boot that prevents ice and snow buildup. Its robust construction ensures consistent contact with the windshield, providing streak-free wiping even in extreme cold. Designed for versatility, the kit includes multiple high-quality adapter clips to ensure a secure fit across a wide range of vehicle models.

Technical Specifications

Key Performance Features

- Protective rubber boot for ice prevention
- Aerodynamic design to minimize wind lift
- Streak-free wiping technology
- Extreme temperature durability

Model ID

WB-626

Materials

Durable Rubber Compound, Corrosion-resistant Plastic Adapters

Compatibility

Adapter System

Multi-clip system • Universal fit • Tool-free installation
