

Hedge Trimming Shears

These garden shears feature long, sharp blades for trimming hedges and shrubs. Ergonomic handles offer a comfortable grip and efficient cutting power.

Product Overview

Professional Hedge Trimming Shears

These heavy-duty garden scissors are engineered for precision and durability in landscaping maintenance. Featuring long, sharp blades, they are specifically designed for the efficient trimming of hedges, shrubs, and various garden plants. The ergonomic handle design ensures a comfortable grip and optimal leverage, allowing for extended use with reduced fatigue.

Technical Specifications

Model Number	H520408
