

# Height-Adjustable Mobile Presentation Table

This pneumatic spring lift table offers a minimalistic design ideal for various environments. It is perfect for offices, schools, and home working spaces, providing a simple and cost-effective standup desk solution.

## Overview

### Versatile Mobile Presentation Table

This gas-spring height-adjustable table offers a minimalistic, efficient solution for offices, schools, and home workspaces. Featuring a smooth pneumatic lifting mechanism, it allows for effortless transitions between sitting and standing positions without the need for electricity. The durable steel frame and tiltable desktop ensure both stability and ergonomic comfort for any presentation or work task.

## Technical Specifications

Item Number	HDDG005-1FA
Height Adjustment Range	830 mm
Maximum Loading Weight	30 kg
Column Segments	2

## Dimensions

Desktop Size	800 x 600 mm
Base Size	500 x 672 x 635 mm

## Features & Construction

### Key Benefits

- No electricity required
