

HEPA Air Purifier with Humidifier

This air purifier improves indoor air quality using a multi-stage filtration system. It is equipped with a humidity function to maintain optimal moisture levels.

Overview

Advanced Air Purification and Humidification

This multi-functional air purifier combines advanced 6-stage filtration with ultrasonic humidification to create a healthier indoor environment. Designed for efficiency and convenience, it features an intelligent air quality sensor, remote and touch controls, and a quiet, long-lasting motor. It is an ideal solution for homes and offices seeking to eliminate pollutants, allergens, and odors while maintaining optimal humidity levels.

Key Features

6-Stage Purifying System

- Nano-coldcatalyst
- Activated carbon filter
- Antibacterial and antiviral nonwoven fabric
- High efficient HEPA (0.01 micron)
- UV Sterilization
- Ionizer

Smart Features

Auto Air Quality Control, Odor Sensor, Sleep Mode, 1-12H Timer, Remote Control, Touch Panel

Technical Specifications

Performance Metrics

230 m3/h

CADR (Air Flow)

40 sqm

Applicable Area

30000 hours

Motor Life Time

Noise Levels

Setting	Noise Level
Low	20dB
Medium	35dB
High	55dB

Power Requirements

Voltage/Frequency	Purify Power	Humidify Power
220V/50Hz	65W	30W
110V/60Hz	65W	30W

Logistics

Packing & Container Loading

Type	Quantity
20GP Container	477 pcs
40GP Container	999 pcs
40HQ Container	1146 pcs
