

Hex Bolt

This hex bolt is designed for secure fastening in a variety of applications. Different sizes and lengths are available.

Product Overview

Versatile Industrial Hex Bolts

These high-quality hex bolts are designed for a wide range of industrial, automotive, and construction applications. Available in various materials and finishes, they adhere to international standards including DIN, ISO, ANSI, and ASTM. Engineered for reliability, these fasteners provide secure holding power for furniture, machinery, and structural building projects.

Common Applications

Building, Instrument, Automobile, Furniture

Standards & Compliance

Specific DIN References

- DIN931/33
- DIN960/61
- DIN934
- DIN125/27
- DIN6914/15/16
- DIN7990

Supported Standards

DIN, ISO, ANSI, ASME, BS, AS, JIS

ASTM Grades

A325, A490, A563, F436, A193 B7, A194 2H

Technical Specifications

Material

Carbon Steel • Alloy Steel

Surface Finishes

- Plain
- Black oxidized
- Zinc Plated (white, yellow, blue, color)
- Hot Dip Galvanized
- Dacromet

Strength Grades

8.8, 10.9, 12.9, gr5, gr8

Logistics & Supply

Monthly Supply Ability

800 tons

Supply Capacity

Delivery Lead Time

7-30 days

Standard Packaging

25kg per carton, 36 cartons packed in a pallet
