

High Bay Induction Lamp

This high bay induction lamp provides high-intensity illumination for large spaces. It is engineered for energy efficiency and long-lasting performance, reducing maintenance costs.

Product Overview

High-Efficiency Industrial Lighting

This high-bay induction lamp is engineered for demanding industrial and commercial environments, offering robust construction and high-intensity illumination. Designed with energy efficiency and longevity in mind, it significantly reduces maintenance requirements for large-scale spaces. With a 100,000-hour lifespan and reliable performance, this solution provides consistent lighting output for professional applications.

Technical Specifications

Rated Power	400 W
Rated Lifespan	100000 hrs

Performance Metrics

Lumen Depreciation Schedule

Operating Hours	Depreciation
2,000 hours	5%
10,000 hours	15%
60,000 hours	25%

Service & Warranty

Warranty Coverage

- Contractually protected by international law
- No extra cost for replacements during warranty period
- Covers technical or quality-related failures

Warranty Period	3 years
