

# High-Capacity Lead-Acid Battery

This is a high-capacity battery designed for reliable energy storage. It features a robust construction with a yellow top and blue caps, ensuring long-lasting performance and durability.

## Overview

### High-Capacity Energy Storage

The 6-QA-150T lead-acid battery is engineered for high-capacity energy storage needs. Its robust construction ensures long-lasting performance and durability, making it a dependable power source for demanding applications. This unit features a distinct design with a yellow top and blue caps, optimized for reliability in professional environments.

## Technical Specifications

### Battery Chemistry

Lead-Acid

### Design Features

- Robust construction
- Yellow top casing
- Blue cap terminals

### Model Number

6-QA-150T
