Product Overview

Professional Grade LED Lighting

This high-CRI dimmable LED bulb features a professional optical design that delivers even, consistent illumination. Engineered for versatility, it offers multiple beam angle options and a clear, focused lighting spot with low glare. With advanced features like slow-brightness dimming and high photobiosafety, it provides a superior lighting experience for professional environments.

Technical Specifications

Power Rating	8 W
Voltage & Frequency	220V-50Hz
Model Identifier	QYGU10-8C EAKNJ/24

Performance Features

Optical Design

- Even light distribution
- 3 selectable beam angles
- Low glare index
- High central light intensity

Dimming Capability	Silicon control stepless dimming
Safety & Comfort	High CRI, High Photobiosafety, Slow Brightness Function

Construction

Thermal Management	Multi-fin heat sink
Connection	Two-pin base
