

High-Definition Multimedia Interface HDMI Cable

This high-definition multimedia interface (HDMI) cable transmits high-bandwidth, uncompressed digital audio and video signals. It supports resolutions up to 4K and features gold-plated connectors for optimal signal transfer and corrosion resistance.

Product Overview

High-Definition Performance

This High-Definition Multimedia Interface (HDMI) cable is engineered for the transmission of high-bandwidth, uncompressed digital audio and video signals. It supports resolutions up to 4K and beyond, ensuring seamless compatibility with modern display technologies. Designed for reliability, the cable features gold-plated connectors for optimal signal transfer and corrosion resistance, while its shielded construction effectively minimizes interference for a clear, stable connection.

Technical Specifications

Available Configurations

Outer Diameter	Wire Gauge	Material
7.3mm	28AWG	Copper
8.0mm	26AWG	Copper

Key Features

4K Compatible, Gold-plated Connectors, Shielded Construction, Uncompressed Audio/Video

Applications

Suitable For

- Home Theater Systems
- Gaming Consoles
- Blu-ray Players
- HDMI-enabled Displays
